REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: It is known in the prior art to attenuate the speed (using an attenuation mechanism) at which an electronic throttle valve is closed by an urging mechanism for urging the valve in a closing direction. See for example JP 06-248979 and US 6173939 [Fig. 7, Fig.8, plunger (130)]. However, the prior art does not teach the attenuating mechanism being **connected** to the rotational speed reduction mechanism (gear).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Erick R Solis whose telephone number is (571) 272-4853. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen Cronin can be reached on (571) 272-4536. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (571) 272-3700.
